

SAYS HE WILL BE ELECTED

Judge Taft Now Fee's Confident of Victory.

PARTY WILL HOLD ITS OWN

Presidential Candidate Believes Republicans Will Carry Minnesota, Wisconsin, the Dakotas, Iowa and Nebraska, the States in Which Disaffection Was Supposed to Exist. Pleased With Result of His Tour.

Omaha, Oct. 2.—"I am going to be elected," This statement made by William H. Taft, sums up in a word what the candidate thinks of the effect of his speechmaking tour this far. The belief is based, Mr. Taft explained, on the manner of his reception in states thus far traversed in which there was reported to be defections among the Republican ranks. As to the national ticket, Mr. Taft now believes there is no reason to doubt but that the Republican party will hold its own, and should this prove the case Mr. Taft says there is no doubt that he will get the electoral vote of Wisconsin, Minnesota, the Dakotas, Iowa and Nebraska—the states as to which the disaffection was supposed to exist.

"I have been in real touch with the people," continued Mr. Taft. "They have come to see me and hear me in numbers far beyond my anticipation, and what seems of even more importance, they have responded to what I have had to say in a way that I could feel their sympathy. The desire of my audiences to get in personal contact with me has been marked, and shows more than a passing interest." Thirteen speeches were made by the candidate in a swing around the northeastern part of Nebraska and terminating at Omaha were two big meetings, one for the benefit of the stock yard employees in South Omaha, the other in the Auditorium. Throughout the day the crowds were larger than usual at the short stops. At Fremont, Kearney, Table Rock and Nebraska City the voice of the candidate was entirely inadequate to reach the limit of the crowds. At several of the stops Mr. Taft left his car and spoke from a platform. At practical every station the local band was in attendance and the cheers which greeted the candidate upon his arrival and departure came with a vim. Throughout the day Mr. Taft continued his speeches to picturing conditions under the last Democratic administration, and contrasting them with Republican rule. As he has done during his two days in Nebraska, he did not fail to pay his respects to Bryan whenever he spoke. On several occasions he delivered his labor speech and declared to be a life statement that he had ever declared that one dollar a day was enough for any laboring man.

SHERMAN IN ILLINOIS.

Republican Vice Presidential Candidate Hard at Work.

Peoria, Ill., Oct. 2.—The hardest day's work of his speech-making campaign in the Middle West ended here for James S. Sherman, the Republican vice presidential candidate, in a mammoth meeting in the Coliseum. Mr. Sherman started the day at Decatur, where he began talking on sports before the students of Millburn university, but by the time he reached this city almost every subject current in national politics was thoroughly gone to.

At Clinton a large crowd was on hand to greet the party. In his speech here Mr. Sherman entered into a discussion of the tariff and roundly denounced the tariff policy advocated by Mr. Bryan. Congressman Longworth and Rodenberg also addressed the meeting.

At Bloomington, a crowd estimated at 10,000 greeted the party and listened to addresses by Mr. Sherman, Mr. Longworth and Congressman McTear of Illinois and Esch of Wisconsin. Here Mr. Sherman, among other subjects, took up the publicity campaign funds.

In his address here Mr. Sherman related to Mr. Bryan's arguments on his proposed plan to guarantee bank deposits. The speaker told of how the plan had been tried in the state of New York in 1829 and had not proved successful.

Returns a Death Verdict.

Deadwood, S. D., Oct. 2.—For the first time in ten years a jury here returned a death verdict in the trial of Charles Hayes, alias William Dunn, for the murder of Fred S. Smeadson at Spearfish two months ago. Jealousy over the affections of a girl was the cause of the crime.

BRYAN SCORES HIS OPPONENT

Nebraskan Criticises the Republican Candidate.

ADOPTED ROOSEVELT'S VIEW

Judge Taft's Position Regarding Publication of Campaign Contribution. Attacked by the Democratic Candidate—Says It is an Insult to the Intelligent Voter and Does Little Credit to Mr. Taft's Judgment.

Lincoln, Neb., Oct. 2.—Declaring that every disinterested voter knows that large contributions have been used to secure mortgages upon officials," William J. Bryan issued a Fairview a statement criticising the adoption by William H. Taft, his Republican opponent for president, of President Roosevelt's announced view on the subject of the publicity of campaign contributions.

Mr. Taft, says Mr. Bryan, "makes the same charge the president does—the astounding charge, that the voters are so liable to be misled that the knowledge (as to the amounts and sources of campaign contributions) must be kept from them." The Democratic nominee then adds: "I insist that this is an insult to the intelligence of the voter, and it does little credit to Mr. Taft's judgment of the men to whom he is making his appeal."

In his statement Mr. Bryan says: "I am surprised to find that Mr. Taft endorses the president's views on the subject of publicity as to campaign contributions, but since he holds these views, I am glad that he makes them known now. We now have publicity before the election as to his opinion even if he does not believe in publicity of contributions until after the election. He fails to see the difference between the publication of contributions before election and the publication of expenditures before election. The publication of expenditures is required to show whether corrupt methods have been employed in the election and as the expenditures continue up to the close of the polls, it would be impossible to make a complete publication until after the election. The publication of contributions ought to be before election; the main reason for the publication of contributions before election is to show the public the source from which the contribution came, in order that the public may know which party predatory interests are supporting. Every one who knows human nature knows that the element of gratitude must always be considered in human affairs. Ingratitude has been described as a worse sin than revenge, for ingratitude repays good with evil, while revenge only repays evil with evil. Every disinterested voter knows that large contributions have been used to secure mortgages upon officials. The publication of contributions throws a great demerit light upon the influence at work in politics, than the publication of expenditures shows to whom the party is indebted, and to whom repayment is likely to be made, while the publication of expenditures shows what has been paid out, and disbursements do not create obligations that affect the course of the administration."

NAME A STATE TICKET.

Massachusetts Democrats Hold Their Convention in Boston.

Boston, Oct. 2.—With scarcely a jar in its proceedings, the Democratic state convention nominated a state ticket for the November election, chose sixteen presidential electors and adopted a set of resolutions, the main plank of which advocate tariff, labor and state administration reforms. The state ticket chosen was as follows:

Governor, James E. Vahey, Waterbury; Lieutenant governor, Charles J. Barton, Melrose; secretary of state, James F. Aylward, Cambridge; treasurer and receiver general, Erwin H. Kennedy, Pittsfield; auditor, Simeon V. Shaw, Lawrence; attorney general, John A. Thayer, Worcester.

The presidential electors at large chosen were Richard Olney, Boston, and James E. Cotter, Hyde Park. Senator Vahey had as an opponent the well known labor leader E. Gerry Brown of Brockton, who polled a large vote as a candidate for Lieutenant governor in 1905 and 1906. The sentiment of the convention, however, as shown by an informal rising vote, was so strongly for Senator Vahey that Mr. Brown, who was a delegate, asked that the nomination of his opponent be made unanimous.

Montana has a new town named Taft. It will be very much on the map after Nov. 3.

IN HIS OWN STATE.

Governor Hughes Makes Rapid Campaign Tour.

New York, Oct. 2.—Governor Charles E. Hughes made a rapid campaign trip through Manhattan and Bronx boroughs upon his return from Baltimore. His first meeting was at Earl Hall, Columbia university campus, where the students and their friends gave the governor a genuine college welcome.

In the evening, after dinner, the real hard work of the day was begun. Beginning at McKinley Square in the Bronx, the governor in an automobile traversed the length of Manhattan Island speaking at five widely separated points and finishing at a meeting on the lower East Side.

Everywhere the governor was received by enthusiastic crowds, while fireworks, red fire, marching clubs and bands told the people of New York that the Republican campaign had begun in real earnest.

Mr. Taft was praised as possessing a better equipment of character, attainments and experience than any other candidate for the presidency of the United States, of whom Mr. Hughes said he had any knowledge.

Turning to the state campaign, Mr. Hughes said: "I do not relish speaking in a personal vein, but I am compelled to say that my defeat will mean the strengthening of all the forces which have opposed my every effort to give the state an honest administration."

REGARDING CONDUCT OF TAFT'S CAMPAIGN

Chairman Hitchcock Will Confer With Roosevelt.

Washington, Oct. 2.—Chairman Hitchcock of the Republican national committee is expected in Washington soon, and the general understanding here is that while in the city he will call upon the president for the purpose of exchanging views with him regarding the conduct of the campaign in behalf of Judge Taft.

It was reported here that the president had summoned Mr. Hitchcock for the purpose of requesting from him an explanation of many criticisms which have recently come to the White House concerning the management of affairs both in New York and Chicago but Secretary Loch denied the portion of the report which attributed Mr. Hitchcock's coming to a special request from the president. There is, however, excellent authority for the general statement that a number of complaints as to the management of the campaign have reached the executive mansion, and the understanding is that although he has not requested the presence of the chairman of the national committee, President Roosevelt will welcome the opportunity to talk with him and to obtain from him such explanation of these criticisms as he may be able to make.

So far as divulged, the censure seems to point to the fact that the national committee has this year failed to co-operate as completely and zealously with the congressional committee as in past years, and it is understood that some of the criticisms have come from Republican candidates for congress.

OUTLAW LEADER SLAIN.

Reported to Have Been Killed by a Member of His Band.

Richmond, Va., Oct. 2.—Excitement in Arvon is greatly allayed, but in the outlying districts where the houses are several miles distant from each other, the people are still fearful of visitations from the Zimmerman-Thomas gang of outlaws. The crisis was reached when Mr. Edmund W. Hubbard, commonwealth's attorney of Buckingham county, telegraphed to the justice of the peace in Arvon to summon eighty men and to form them in squads of twenty to scour the country for the desperadoes. Mr. Hubbard acted after consulting with Governor Swanson. It is supposed that the vigilance committee has started, though no direct information of their movements or plans of the authorities could be gained. The latest report from the outlaw country is that Charles Newton, brother-in-law of Benjamin Zimmerman, supposed to be the leader of the gang, is dead from wounds inflicted by some one of the desperadoes. The report could not be confirmed owing to the inaccessibility of the place where the shooting is said to have occurred, but it is generally believed that Newton has been killed. The murder, if it occurred, is the result of an old grudge existing between the victim and his slayer.

Mr. Bryan says he is not going to worry about the negro vote. He will have enough worry over the Democratic vote.

THE whole doctrine of Devoe Lead and Zinc Paint turns on these three points:

1. It is all paint and true paint.
2. It is strongest, and goes farthest paint.
3. It is full measure.

Because these three things are true, Devoe Lead and Zinc Paint takes least gallons for the job; looks best all the time; lasts longer.

There is no such argument for any other paint; there is no other such paint; the man who uses Devoe gets the best he can get, in paint.

REPUBLICAN CLUB ORGANIZATION

A meeting has been called for next Tuesday evening at 7:30 o'clock at the roller skating rink in the Bane block on Seventh street for the purpose of forming a Taft-Jacobson republican club and already a number of parties interested in the success of the republican party at the coming election are circulating membership rolls for signers. It is the intention, as THE DISPATCH is informed, to get as many signers as possible before the Tuesday night meeting and at that meeting all those who have not had a chance to sign the roll and desire to do so will be given an opportunity, after which the organization will be formed and perfected by the election of officers. More effective work can be done by club organization than any other way and it will be the aim to enlist every republican in the city in this work. The campaign slogan of the club when organized will be the promulgation of republican principles and an effort all along the line to elect the republican ticket. Many of the younger republicans, first voters, are evincing an evident interest in the present campaign and it is particularly important that they attend this meeting and identify themselves and take a hand in the organization for it is up to them to put the push and vim into the campaign. Every republican in the city is invited to attend this meeting regardless of whether they have enrolled their names on the books now being circulated or not as it will be impossible for everyone to be interviewed by that time, but as many as can sign before that time are requested to do so in order to lessen the work in that line on Tuesday evening next.

Let every republican put his shoulder to the wheel and make it a rouser and then turn out to the meeting on Thursday evening, Oct 8th and show the next governor of Minnesota on the occasion of his visit here that the party is alive to its best interests in this city and county.

LAST RESORT OF DESPERATION

St. Cloud Journal-Press:—Forty eight years ago the Democratic papers were making a campaign of personal abuse against Abraham Lincoln. They said he looked like a baboon, that he was ungainly, ugly, vulgar, illiterate, a midsill, a rail splitter, a clown. That

was their stock in trade against him in those antebellum days.

A few of the Democratic papers in Minnesota are imitating this sort of disgraceful warfare against J. F. Jacobson. Abraham Lincoln was elected and was the great American president, whose memory is revered today in all civilized countries.

Jacobson is the Lincoln of Minnesota—honest, fearless for the right, a plain man of the plain people, who believes in a government "of the people, for the people and by the people."

Personal abuse of such a man will bring to his support right thinking people who are disgusted with this old southern slave holders' style of vicious vituperation. It would seem that in A. D. 1908 the newspapers could be decent enough to treat all candidates fairly, discuss their records, without resorting to personal abuse and misrepresentation. A man who has done as much for the state of Minnesota as has J. F. Jacobson should be exempt from this sort of thing.

But perhaps the Democrats in their desperation, can find no other way of making a campaign against him. What do Republicans think of these Democratic tactics—and what do the Democratic voters think of them?

When a man or paper commences to abuse a candidate for a high office, it shows that such paper or such man is short of real reasons why such candidate is not entitled to the support of the people.

Ice and Mice.
For horses suffering from inflammation of the lungs an old prescription was a mixture of shot and powder in milk. This has been applied to human beings. In "Idlehurst" mention is made of sparrow shot, five or six to the dose, to be taken twice a day, as a remedy for "brown kitters," which is believed by the English farm laborers to be caused by the "lights" (their term for lungs) rising up the windpipe. The shot is supposed to weight them down in their rightful place. Sussex, England, is the scene of "Idlehurst." It was a Sussex woman who was ordered by the doctor to put some ice in a bag and bind it on the temples of her sick boy. Inquiring after his patient the next day, the physician received the reply, "Oh, Tommy's better, but the mice are dead!"

TO HAVE SWELL RESTAURANT

George West Has Leased Keene & Nevers Building for Five Years for One

WILL OCCUPY BOTH FLOORS

Brainerd Tribune to Move to Walverman Block and John Mann to Walker Block

George West has rented the Keene & McFadden block, now occupied by Mann Bros. and the Brainerd Tribune, for five years, and will put in a swell restaurant. The second floor will be fitted up into fine rooms, steam heated and electric lighted. There will be a bath room put in with lavatory and tub and cabinet baths and everything will be fixed up in the best possible shape. There will be ten rooms besides the bath and hall.

The first floor will be repainted and repapered and fitted up for the restaurant proper. There is a fine wide open stairway in the building which has not been used for many years. This will be reopened, giving access direct from the restaurant to the rooms above.

George is an old restaurant man, well known to the citizens of Brainerd and the traveling public. He says he is going to put in the swellest restaurant Brainerd has ever seen, "if it don't last three weeks." Those who know his abilities in that line, however, have no fears for the outcome.

John Mann, who now occupies the first floor expects to remove to his old quarters in the Walker block, while the Duluth Salvage Co., now in that store will move into the Wood building as soon as By and Peterson can get into the Cullen building.

Editor Halsted, of the Brainerd Tribune, has secured commodious and convenient quarters in the Walverman block, on Front street, and will occupy them in a few weeks.

Mr. West expects to have his restaurant in operation in about six weeks.

A NEW MANAGER

Chas. Rettinger, Formerly of Waldorf, at Fargo, to be Manager of the Ransford

Thos. H. Beare has secured the services of Charles Rettinger, formerly manager of the Waldorf hotel at Fargo, as manager of the Ransford hotel. Mr. Rettinger, who is now with the Marjham, at Bemidji, is a hotel man with a wide acquaintance and popular with the traveling public and will make Mr. Beare a very valuable man. Mr. Charles Murphy, who has been day clerk for the last few weeks, will assume the duties of night clerk upon the arrival of Mr. Rettinger early next week.

All Big Papers and Public Service Corporations May Have Their Valuations Raised

Former Mayor Con O'Brien returned last night from St. Paul, where he has been as a member of the state board of equalization. The board adjourned last night until Tuesday next. Mr. O'Brien states that notices have been served on the owners of the big daily papers and the electric, gas and street railway corporations in the twin cities and Duluth to appear upon that date. Mr. O'Brien states that one twin city daily which recently sold for a million and a half dollars, was assessed at \$35,000, and this looks to the board to be out of proportion.

Who Is She?

A pretty incident in the Taft meeting the other night occurred when a motherly little woman from Brainerd stepped forward to greet the candidate as he was leaving the platform. He looked so tired and worn that her heart was touched, and she patted his hand sympathetically.

"You are a big man," she said to him cheerily, "and now I have seen you, I must go to Rome and see the Pope."

"Are you a Catholic?" inquired Taft, appreciating the compliment.

"No, but my husband is," she replied quickly. "He is a Democrat, too, but I'll make him vote for you all right." And the chances are that he will—Minneapolis Journal.

TO ENTER MINISTRY

Nephew of J. M. Glunt Resigns Superintendency of Carnegie Steel Works to Become Evangelist

There has been mention made in the daily papers of Geo. L. Glunt, of Pittsburgh, who resigned a princely salary at Homestead, Pa., to enter the Presbyterian ministry. The gentleman is a nephew of J. M. Glunt, yardmaster of the Northern Pacific yards in this city. The Pittsburgh Dispatch of a recent date says of him:

"What he calls the crying need for spreading the gospel has caused George L. Glunt, one of the best known steel men of the Pittsburgh district, and intimate friend of W. E. Corey, to give up his position as head of one of the largest steel plants in this vicinity, with its attendant princely salary, to enter the ranks of the evangelistic ministry. Mr. Glunt lives at 351 Lehigh avenue, East End.

"Mr. Glunt by perseverance and unflagging industry worked his way from the position of 'puller-up' to the superintendency of the big 119-inch mill of the Homestead steel works. Though not yet 40 years old, he has been connected with the steel business for the past 23 years, and is a friend and confidant of President Corey, and other captains of the steel industry.

"Two years ago he felt the call to ministry, and resigned the lucrative position which he was holding to take a minor part in the central offices in the Carnegie building in order that he might have more opportunity to pursue theological studies. With the same indomitable will which had won him a position of importance in the secular world, he managed by utilizing every spare moment, such as studying on the street cars on his way to and from his office, to prepare for his examination at the seminary, so that when he took the entrance examinations to the Western Theological seminary this week it was found that he would be able to eliminate practically the entire college course.

"Mr. Glunt, meanwhile, had been doing much practical work in religious lines while carrying on his studies. He has been holding street meetings in Homestead.

"He says he feels that the thoughts of the men of the great industries of this locality should be turned to other things than the accumulation of dollars. He intends to devote all of his time to evangelistic work, principally among the men of the steel mills."

Foley's Orino Laxative is a new remedy, an improvement on the laxatives of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. H. P. Dunn.

WORK PROGRESSING

Good Progress Has Been Made This Season Both on Pine River Dikes and Sandy Lake Dam

The work on the government dikes near Cross Lake dam on Pine river will be shut down for the season in the near future. While the work has progressed very favorably this year there is still much to be done. There are two more dikes to be built and four more to be repaired.

At the Sandy Lake dam, in Aitkin county, about one half of the concrete work has been completed, or will be by the time cold weather closes the work for the season. This is all that can be done in one season. It is expected that the dam will be completed next season.

In Memoriam.

George W. Healey, Commander of Pap Thomas Post, G. A. R., has heard the bugle call from the heights beyond, has called the Post to order for the last time, and was laid to rest by his comrades under the towering pines of Evergreen cemetery, among many comrades who had answered the last roll call, and with whom he loved to sit around the camp fire and whose graves he loved to strew with beautiful flowers on each recurring Memorial day. We, his surviving comrades, are sad at the parting from our Commander who was so wise in the councils of the Grand Army and so upright in the discharge of his duties. In character he was like the rugged pines beneath which his comrades laid him to rest.

Resolved, that we, as a Post, extend to his bereaved mother and sister our heartfelt sympathy, and that our charter be draped in mourning for thirty days.

SIX MEN KILLED.

Eight Others Injured in a Railroad Wreck.

Portland, Ore., Oct. 2.—A logging train belonging to the Chapman Logging company at Scappoose, twenty miles north of Portland, was in collision with a Northern Pacific train. None of the occupants of the passenger train was hurt. Six of the crew of the logging train were killed and eight injured. Of the injured one is fatally hurt five seriously and two slightly. The injured were hurried to this city and taken to a hospital.

F. A. FARRAR IS RECEIVER

Banker Has Accepted Position of Receiver of the Northwestern Fuel Company

F. A. Farrar who was appointed receiver of the Northwestern Fuel Co., formerly the H. H. Hitch Co., has accepted the position and his bond was being prepared this afternoon.

Mr. Hitch, who asked for a receiver, has opened up another fuel business alone, having secured bins and office at 315 South Seventh street and got in a supply of coal, etc.

The Northwestern Fuel Company is conducting their business at the office in the Hoffman building, on Laurel street, C. H. Paine being in charge. The receiver is expected to take charge of the business today or tomorrow.

Lobby Closed Sundays

Beginning Sunday, October 4, the lobby of the postoffice will be closed between the hours of 1 and 7 o'clock p. m., and will be closed every Sunday in the future between those hours, to conform with a ruling of the department which says that the lobby of all offices where the fixtures do not connect with the ceiling and thereby make a separate room of the office proper shall be locked during the hours that the building is left alone. The Sunday service is from 9 until 10 a. m. during which time the general delivery and carriers windows are open and the lobby will be open from 7 a. m. on Sundays in the future until 1 p. m., which will give box renters ample time to secure their mail. In the evening the lobby will also be open from 7 until 8.

WILL INTEREST MANY

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes of Foley's Kidney remedy is taken in time. H. P. Dunn. mwf

MUSIC AND DRAMA

Coming Attractions

Oct. 2—"The Two Thieves."
Oct. 9—"The Substitute"

The Substitute

Mr. Figman comes to the opera house on Oct. 9, in the splendid comedy drama "The Substitute" by Evelyn Greenleaf Sutherland and Beulah M. Dix. There should be no question of the result. Last season Mr. Figman was a comparative stranger but he more than "made good" and it is doubtful if the theatre will be large enough to hold the people who want to see him this season. Mr. Figman will be supported by a company of superior quality and will bring a complete organization. The prices will be 25 cents to \$1.50, and the curtain will be rung up on this production at 8 o'clock sharp, a fact which all theatre goers should bear in mind.

"At The Unique"

"The Power of Labor," the hadliner at the Unique last night drew a packed house. This a strongly dramatic piece bearing on the labor question. "The Mesmerist" is also a dramatic piece and is by Pathe Freres, and is one of his masterpieces. "The Grotesques" is a splendid hand colored piece which is highly artistic.

Erminie Tonight

The National Opera Company, which appears at the opera house tonight in Erminie, has a record of four weeks in Minneapolis, and stands equally long in other cities. It is one of the most carefully selected comic opera companies in the country today and will give a high class rendition of this standard opera.

When Trifles become Troubles

If anyone suspects that their kidneys are deranged they should take Foley's Kidney remedy at once and not risk Bright's disease or diabetes. Delay gives the disease a firmer foothold and you should not delay taking Foley's Kidney Remedy. H. P. Dunn. mwf

Court of Honor Election

At the last regular election of Brainerd Court, No. 1033, Court of Honor, the following were elected for the ensuing annual term, commencing Oct. 1: Chancellor—W. E. Corkrey. Vice Chancellor—Minnie Britton. Past Chancellor—Hattie A. Weeks. Recorder—John A. Hoffbauer. Chaplain—Mary E. Doherty. Conductor—Joseph Britton. Guard—R. L. Weeks. Sentinel—Mamie B. Hefferin. Medical Directors—Dr. O. T. Batcheller, Dr. J. A. Thabes. Directors—Ida Hoffbauer, Louise Woerner. Pianist—May B. Bruce.

Passed Examination Successfully

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney remedy cures backache and all forms of kidney and bladder troubles. H. P. Dunn mwf

A MONARCH Range

Actually Pays for itself in

COLD CASH

BY reducing fuel bills 25 to 50 per cent.

BY saving one quarter of the time usually spent in the kitchen.

BY eternally doing away with nearly ALL of the disagreeable labor necessary to keep the ordinary range half way presentable.

Monarch
MALLEABLE
The "Stay Satisfactory" Range

Understand us!

Time, fuel and labor represent real money and the Monarch Range will positively save enough of all three to pay back its own cost in a short time.

¶ We don't make this statement thoughtlessly, but with a desire to demonstrate it to every intending range buyer.

¶ Our years of experience as range dealers convinces us that the construction of the Monarch fully justifies this claim.

How the Monarch Malleable Range Saves

TIME

Much time is wasted with a common range waiting for hot fire in the morning or a baking heat during the day. The Monarch works PROMPTLY. A piping hot fire in five minutes after opening drafts is the regular thing.

LABOR

The hardest and most disagreeable tasks about the kitchen are blacking the range top and cleaning the crusted black bottoms of cooking utensils. All this is done away with by the Monarch polished top that don't require stove blacking.

FUEL

Ranges of common type WASTE fuel because outside air is drawn in through its open seams and joints. The Monarch utilizes ALL the heat in the coal or wood. It is built AIR-TIGHT by riveting its steel plates to Malleable iron frames—no stove bolts or putty used.

Woman Killed in Auto Accident.
Detroit, Oct. 2.—Mrs. Hattie Demer of Kalamazoo, Mich., was instantly killed and Louis J. Feys of Detroit was probably fatally injured when the automobile in which they were riding was struck by a street car on Jefferson avenue near Hurst avenue. Mr. Feys has a fractured skull and a broken arm. Mrs. Demer's neck was broken.

To Digest the Food
Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.
The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.
Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.
MR. F. W. BIGLEY, Murrayville, Va., writes:—"For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. CHANLER SCORES CONNERS

Creates a Decided Stir by His Acceptance Speech.

Poughkeepsie, N. Y., Oct. 2.—In accepting at "Rokeye," the ancestral Chanler estate, twenty miles from here, the nomination of the Democratic party for governor, Lewis Stuyvesant Chanler, the present lieutenant governor of the state, carried a decided stir among his hearers by prefacing his self speech with a statement to the effect that State Chairman William J. Connors "betrayed a confidence" if he attempted in an interview given out Wednesday to dictate what the policy of the Democratic party in the campaign in New York should be. Chanler emphasized further along in his prepared speech the statement that "free from all hampering obligations of every kind, I shall know no master but the people's will and the people's interest."

Chairman Connors sat just behind Mr. Chanler during the speech. With Charles F. Murphy, leader of Tammany Hall, and other representatives of the New York city and Brooklyn Democratic organizations, he arrived just before the exercises of notifying all the nominees of the Rochester convention began. With the others, he left immediately after their conclusion. There was no consultation of these leaders by Mr. Chanler.

National Chairman Norman E. Mack was also a guest at "Rokeye." Former Judge Alton B. Parker, permanent chairman of the Rochester convention, delivered the notification speech.

IN STANDARD OIL CASE.

Only One Witness on the Stand at Chicago.

Chicago, Oct. 2.—Henry E. Felton, president of the Union Tank Line company and formerly general freight agent for the Chicago and Eastern Illinois Railroad company, occupied the witness stand all day when the government suit to dissolve the Standard Oil company was resumed.

Prior to the enactment of the interstate commerce law in 1887, Mr. Felton said that the railroads made few tariffs. They underbid each other ruthlessly by means of rebates to secure large shipments, or to retain as customers important shippers already on their lists. From time to time "gentlemen's agreements" were entered into to maintain rates, but there was always some road which, tempted by a heavy shipment would violate it, and presently all the roads would be rebating again.

Washington, Oct. 2.—Dr. Alexander Mann of riving Episcopal church, Boston, Mass., was elected bishop of the Protestant Episcopal Diocese of Washington on the seventh ballot. The Pacific States For Taft and Sherman.

The report that California and the Pacific coast generally is strongly for Taft and Sherman and the policies of the Republican party shows that the Pacific coast understands its own interests. The Republican party has from the first adopted and maintained a course tending to develop the incalculable agricultural wealth of those states and to give them opportunity to establish an American market for their products. The result has been that the fruit and other products of the Pacific states have won a victory over the imported, which once had a monopoly of American demand, and our people have learned to esteem the California article as superior to the foreign. The supply, thus stimulated, has outgrown home requirements and finds consumers in nearly all parts of the world. This, indeed, has been the effect of the Republican policy of protection not only upon the industries of the Pacific coast, but American industry generally.

The Pacific states have grown in population and wealth, and desirable immigration is pouring in to take advantage of the prospects they offer of fast independence which in those favored regions is the usual reward of thrift. The Republican policies which have so well served the interests of the Pacific coast, which banded the continent with belts of steel and brought New York and San Francisco as near as New York and Boston were to each other a century ago, which provided a market and then placed that market within easy reach of fruit ranch, vineyard and farm, are just as important to the welfare of the Pacific states now as in the past. The intelligent and progressive citizenship of that section as of other parts of the Union has no intention of risking the loss of all that has been achieved by accepting Bryan and his schemes of financial confusion and business demoralization, and the electoral votes of the Pacific states will be counted for Taft and Sherman, candidates of the party which stands for progress and prosperity, for safe and sane methods of government and for that impartial enforcement of law which is the anchor and safeguard of our civilization.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue and all blood ailments.
The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well

SIX KILLED IN TRAIN WRECK

Number of Other Persons Injured Near Toledo, O.

VICTIMS ARE EXCURSIONISTS

Freight Train Crashes Into a Passenger Train at Sugar Ridge, Telescoping the Rear Car of the Latter—Only Four Bodies Have Been Recovered From the Wreck by the Crew Engaged in the Work of Rescue.

Cleveland, O., Oct. 2.—Six lives were lost and a number of persons were injured when a Toledo and Ohio Central passenger train carrying an excursion crowd from Bowling Green fair into Toledo was run into from the rear at Sugar Ridge by a freight train. The dead are:

Richard Radeout, Sugar Ridge; Joe Gasler, Sugar Ridge; J. F. McCroy, Toledo; J. G. Boyd, East Toledo; Stonebridge, Bunbridge, and one unidentified man.

Only four bodies have been recovered from the wreck.

The rear car of the excursion train was telescoped and two others were jammed together.

The excursion train stopped, it is said, because of a hot box. Whether a flagman was sent back to warn the approaching freight has not been ascertained. A wrecking train and crew from Toledo is at work rescuing the bodies.

FATAL POWDER EXPLOSION

Two Men Killed and a Score of Others Injured.

Spencer, N. C., Oct. 2.—Two lives were lost and twenty or more persons were injured in Spencer by the explosion of a powder storage house in the yards of the Southern Railway company, and most of the buildings near by were damaged by the shock and the fire which followed. The dead are:

C. H. Layton of Raleigh, and George Gould of Spencer.

It is feared that other bodies are in the ruins. It is said that the powder magazine contained a half carload of powder, dynamite and other explosives.

Every building in Spencer and for many miles around was badly shaken up and damaged.

THREE FIREMEN MISSING.

Several Others Injured at a Fire in Youngstown, O.

Youngstown, O., Oct. 2.—Six firemen are in the hospital and three more are in the ruins of S. H. Knox & Co.'s store, where fire gutted the structure, with a property loss of \$25,000.

The building, three stories high was wrecked. The firemen still in the ruins are Fire Chief Thomas Reilly, Captain Vaughn and Fireman Sweeney. A strong force of men is digging among the debris.

Chief of Police William Lawler was fatally injured and John Vaughn, Joseph Conner, Charles Young, Harry Callahan and David McGraw were seriously injured.

STATEMENT BY FORAKER.

Urges the Law Be Invoked Against Him if He Has Violated It.

Cincinnati, Oct. 2.—That the law be invoked against him if he has done any wrong is the conclusion of a statement issued by United States Senator Foraker. Before making this suggestion he sums up the various charges that have been made and discusses briefly the legal ethics as to service for various clients.

The statement admits that Mr. Foraker was once employed as attorney for the Standard Oil company and that his employment was confined to the affairs of the company in Ohio, including its reorganization after the decision of the supreme court dissolving the trust, and that it was ended long before the company had become in any way the object of legislation by congress or the subject of attacks of any kind in the courts or otherwise by congress or any proceeding by the United States government against the company was proposed or foreseen and that such employment has never been renewed although, as heretofore shown, again tendered and declined in 1906.

The statement concludes as follows: "Finally, if I committed any offense against the law, let somebody specifically point it out and proceed against me. The courts are open and although they have been severely criticized, yet the people have confidence in them and will accept and be satisfied with their judgments. If there be any just basis for this reckless, wholesale defamation and attempted assassination of character, let it take some tangible, open and fair form of procedure, where all interested can appear and be fully heard."

Natives Attack Portuguese.

Lisbon, Oct. 2.—The natives of Angola, a Portuguese possession in Western Africa, revolted recently and attacked the fort at Don Luiz. After a sharp fight they were repulsed by the garrison but two Portuguese were killed and several were wounded.

BANKERS OPPOSE BOTH PROPOSITIONS

Postal Savings Banks and Guarantee of Deposits.

Denver, Oct. 2.—The thirty-fourth annual convention of the American Bankers' association came to an end with the election of George M. Reynolds as president, and Lewis E. Pierson of New York as first vice president. Thirty-eight new members were announced and a vice president representing each of the states having representatives in the association was named.

The convention also placed itself squarely on record as against both the proposition to guarantee bank deposits and to establish postal savings banks. Nearly two hours were consumed with the reports of vice presidents from the several states, the consensus of which was that the effects of the recent panic are hardly passing away throughout the country.

If there was a political pure food law the enumeration of the mixed ingredients in the Bryan mixture would make the label bigger than the bottle.

Presidential Candidate Believes Republicans Will Carry Minnesota, Wisconsin, the Dakotas, Iowa and Nebraska, the States in Which Disaffection Was Supposed to Exist. Pleased With Result of His Tour.

Omaha, Oct. 2.—"I am going to be elected," this statement made by William H. Taft, sums up in a word what the candidate thinks of the effect of his speechmaking tour this far. The belief is based, Mr. Taft explained, on the manner of his reception in states thus far traversed in which there was reported to be defections among the Republican ranks. As to the national ticket, Mr. Taft now believes there is no reason to doubt but that the Republican party will hold its own, and should this prove the case Mr. Taft says there is no doubt that he will get the electoral vote of Wisconsin, Minnesota, the Dakotas, Iowa and Nebraska—the states as to which the disaffection was supposed to exist.

"I have been in real touch with the people," continued Mr. Taft. "They have come to see me and hear me in numbers far beyond my anticipation, and what seems of even more importance, they have responded to what I have had to say in a way that I could feel their sympathy. The desire of my audiences to get in personal contact with me has been marked, and shows more than a passing interest." Thirteen speeches were made by the candidate in a swing around the southeastern part of Nebraska and terminating at Omaha were two big meetings, one for the benefit of the stock yard employees in South Omaha, the other in the Auditorium. Throughout the day the crowds were larger than usual at the short stops. At Fremont, Kearney, Table Rock and Nebraska City the voice of the candidate was entirely inadequate to reach the limit of the crowds. At several of the stops Mr. Taft left his car and spoke from a platform. At practically every station the local band was in attendance and the cheers which greeted the candidate upon his arrival and departure came with a vim. Throughout the day Mr. Taft confined his speeches to picturing conditions under the last Democratic administration, and contrasting them with Republican rule. As he has done during his two days in Nebraska, he did not fail to pay his respects to Bryan whenever he spoke. On several occasions he delivered his labor speech and declared to be a lie the statement that he had ever declared that one dollar a day was enough for any laboring man.

SHERMAN IN ILLINOIS.

Republican Vice Presidential Candidate Hard at Work.

Peoria, Ill., Oct. 2.—The hardest day's work of his speech-making campaign in the Middle West ended here for James S. Sherman, the Republican vice presidential candidate, in a mammoth meeting in the Coliseum. Mr. Sherman started the day at Decatur, where he began talking on sports before the students of Milliken university, but by the time he reached this city almost every subject current in national politics was thoroughly gone into.

At Clinton a large crowd was on hand to greet the party. In his speech here Mr. Sherman entered into a discussion of the tariff and roundly denounced the tariff policy advocated by Mr. Bryan. Congressman Longworth and Rodenberg also addressed the meeting.

At Bloomington, a crowd estimated at 10,000 greeted the party and listened to addresses by Mr. Sherman, Mr. Longworth and Congressman McKinley of Illinois and Esch of Wisconsin. Here Mr. Sherman, among other subjects, took up the publicity campaign funds.

In his address here Mr. Sherman related to Mr. Bryan's arguments on his proposed plan to guarantee bank deposits. The speaker told of how the sea had been tried in the state of New York in 1829 and had not proved successful.

Returns a Death Verdict.

Deadwood, S. D., Oct. 2.—For the first time in ten years a jury here returned a death verdict in the trial of Charles Hayes, alias William Dunn, for the murder of Fred S. Johnson at Spearfish two months ago. Jealousy over the affections of a girl was the cause of the crime.

ADOPTED ROOSEVELT'S VIEW

Judge Taft's Position Regarding Publication of Campaign Contributions: Attacked by the Democratic Candidate—Says It is an Insult to the Intelligent Voter and Does Little Credit to Mr. Taft's Judgment.

Lincoln, Neb., Oct. 2.—Declaring that every disinterested voter knows that large contributions have been used to secure mortgages upon officials," William J. Bryan issued a Fairview statement criticizing the adoption by William H. Taft, his Republican opponent for president, of President Roosevelt's announced view on the subject of the publicity of campaign contributions.

Mr. Taft, says Mr. Bryan, "makes the same charge the president does—the astounding charge, that the voters are so liable to be misled that the knowledge (as to the amounts and sources of campaign contributions) must be kept from them." The Democratic nominee then adds: "I insist that this is an insult to the intelligence of the voter, and it does little credit to Mr. Taft's judgment of the men to whom he is making his appeal."

In his statement Mr. Bryan says: "I am surprised to find that Mr. Taft endorses the president's views on the subject of publicity as to campaign contributions, but since he holds these views, I am glad that he makes them known now. We now have publicity before the election as to his opinion even if he does not believe in publicity of contributions until after the election. He fails to see the difference between the publication of contributions before election and the publication of expenditures before election. The publication of expenditures is required to show whether corrupt methods have been employed in the election and as the expenditures continue up to the close of the polls, it would be impossible to make a complete publication until after the election. The publication of contributions ought to be before election; the main reason for the publication of contributions before election is to show the public the source from which the contributions come. In order that the public may know which party predatory interests are supporting. Every one who knows human nature knows that the element of gratitude must always be considered in human affairs. Ingratitude has been described as a worse sin than revenge, for ingratitude repays good with evil, while revenge only repays evil with evil. Every disinterested voter knows that large contributions have been used to secure mortgages upon officials. The publication of contributions throws a great degree of light upon the influence at work in politics than the publication of expenditures, for the publication of contributions shows to whom the party is indebted and to whom repayment is likely to be made while the publication of expenditures shows what has been paid out and disbursements do not create obligations that affect the course of the administration."

Dr. Koch, in his comment on the report, regretted that thus far most of the educational efforts in the campaign to stamp out tuberculosis have been made quite confined with adults. He emphasized the importance of teaching hygiene to children because, he said they are quicker to learn the hygienic laws than are the adults.

"I have long felt that in this generally infectious disease of tuberculosis, as I have felt in regard to the many infectious diseases in the study of which I have occupied my life," continued Dr. Koch, "that every effort must be taken to prevent the spread of this contagion, and most important of all, the contamination of human beings by each other."

Professor Irving Fisher of Yale university favored creating a national board of health in order to concentrate the work of fighting diseases in this country under one head. The proposition was received with favor by several hundred American physicians present. Mr. Lister Homer Montgomery of Chicago has prepared a resolution which he will lay before the congress for creating "a national department of public health," the head of which shall have a seat in the president's cabinet.

ON VERGE OF STARVATION

Many Chicago School Children Insufficiently Nourished.

Chicago, Oct. 2.—Ten thousand school children in Chicago are insufficiently nourished, some live constantly on the verge of starvation and many are not clad enough to keep them in a healthy condition, according to a report made to the board of education. Specific instances of poverty noted in a house to house inspection, are given in the report. Many parents were found to sleep so late that their children went to school without breakfast. In one house where the father was out of work and the mother sick, five children were found to have lived three days on dry bread and tea. In another house children reported they lived on one meal a day. Another mother employed as a seamstress said she supported her four children on \$2.50 a week. Numerous pupils reported inability to attend school because of inclemency of their parents.

In the poorer sections of the stock yards district the most heartrending conditions were disclosed. The inspection was done by the child study branch of the compulsory education department and it is expected that the school board will take action on the conditions two weeks hence.

It is possible that the board may consider the question of free breakfasts for pupils in the poor districts.

CRUSADE AGAINST THE WHITE PLAGUE

Dr. Koch Says Educational Campaign Is Most Important.

Washington, Oct. 2.—"Of more importance than any other feature of the crusade against the scourge, the white plague is the campaign of education."

This emphatic declaration was made by Dr. Robert Koch, the great German scientist, who again addressed prominently in a controversial discussion of tuberculosis before the International Congress on Tuberculosis. This utterance was made just after a report had been submitted by Dr. G. A. Heron, delegate of the Royal Society of Medicine of London, on "The Teaching of Elementary Hygiene in the Training Colleges and Elementary Schools of Great Britain and Ireland," and which was read and discussed by the section of the congress on "Elementary and popular education."

Dr. Koch, in his comment on the report, regretted that thus far most of the educational efforts in the campaign to stamp out tuberculosis have been made quite confined with adults. He emphasized the importance of teaching hygiene to children because, he said they are quicker to learn the hygienic laws than are the adults.

"I have long felt that in this generally infectious disease of tuberculosis, as I have felt in regard to the many infectious diseases in the study of which I have occupied my life," continued Dr. Koch, "that every effort must be taken to prevent the spread of this contagion, and most important of all, the contamination of human beings by each other."

Professor Irving Fisher of Yale university favored creating a national board of health in order to concentrate the work of fighting diseases in this country under one head. The proposition was received with favor by several hundred American physicians present. Mr. Lister Homer Montgomery of Chicago has prepared a resolution which he will lay before the congress for creating "a national department of public health," the head of which shall have a seat in the president's cabinet.

TAKES CHILD WITH HER.

Unknown Woman Drowns Herself at Minneapolis.

Minneapolis, Oct. 2.—With her right arm tightly clasped about the dead body of her year-old baby boy, whose life she ended with her own, a well-dressed, unidentified young woman was found in shallow water in Powder horn lake here. Not a clue to her identity has been found with the exception of a gold ring bearing the letters "E. S. to L. E." The bodies are at the county morgue.

In a purse containing a small sum of money was found a note in which the woman bemoans her fate, though not telling what misfortune had befallen her. In order that her son might not be sorry that she had brought him into the world, she said she took him along to share her death.

IN HIS OWN STATE.

Governor Hughes Makes Rapid Campaign Tour.

New York, Oct. 2.—Governor Charles E. Hughes made a rapid campaign trip through Manhattan and Bronx boroughs upon his return from Baltimore. His first meeting was in Earl Hall, Columbia university campus, where the students and their friends gave the governor a genuine college welcome.

In the evening, after dinner, the real hard work of the day was begun. Beginning at McKinley Square in the Bronx, the governor in an automobile traversed the length of Manhattan Island speaking at five widely separated points and finishing at a meeting on the lower East Side.

Everywhere the governor was received by enthusiastic crowds, while fireworks, red fire, marching clubs and bands told the people of New York that the Republican campaign had begun in real earnest.

Mr. Taft was praised as possessing a better equipment of character, attainments and experience than any other candidate for the presidency of the United States, of whom Mr. Hughes said he had any knowledge.

Turning to the state campaign, Mr. Hughes said:

"I do not relish speaking in a personal vein, but I am compelled to say that my defeat will mean the strengthening of all the forces which have opposed my every effort to give the state an honest administration."

REGARDING CONDUCT OF TAFT'S CAMPAIGN

Chairman Hitchcock Will Confer With Roosevelt.

Washington, Oct. 2.—Chairman Hitchcock of the Republican national committee is expected in Washington soon, and the general understanding here is that while in the city he will call upon the president for the purpose of exchanging views with him regarding the conduct of the campaign in behalf of Judge Taft.

It was reported here that the president had summoned Mr. Hitchcock for the purpose of requesting from him an explanation of many criticisms which have recently come to the White House concerning the management of affairs both in New York and Chicago, but Secretary Loeb denied the portion of the report which attributed Mr. Hitchcock's coming to a special request from the president. There is, however, excellent authority for the general statement that a number of complaints as to the management of the campaign have reached the executive mansion, and the understanding is that although he has not requested the presence of the chairman of the national committee, President Roosevelt will welcome the opportunity to talk with him and to obtain from him such explanation of these criticisms as he may be able to make.

So far as divulged, the censure seems to point to the fact that the national committee has this year failed to co-operate as completely and zealously with the congressional committee as in past years, and it is understood that some of the criticisms have come from Republican candidates for congress.

OUTLAW LEADER SLAIN.

Reported to Have Been Killed by a Member of His Band.

Richmond, Va., Oct. 2.—Excitement in Arvon is greatly allayed, but in the outlying districts where the houses are several miles distant from each other, the people are still fearful of visitations from the Zimmerman-Thomas gang of outlaws. The crisis was reached when Mr. Edmund W. Hubbard, commonwealth's attorney of Buckingham county, telegraphed to the justice of the peace in Arvon to summon eighty men and to form them in squads of twenty to scour the country for the desperadoes. Mr. Hubbard acted after consulting with Governor Swanson. It is supposed that the vigilance committee has started, though no direct information of their movements or plans of the authorities could be gained. The latest report from the outlaw country is that Charles Newton, brother-in-law of Benjamin Zimmerman, supposed to be the leader of the gang, is dead from wounds inflicted by some one of the desperadoes. The report could not be confirmed owing to the inaccessibility of the place where the shooting is said to have occurred, but it is generally believed that Newton has been killed. The murder, if it occurred, is the result of an old grudge existing between the victim and his slayer.

Mr. Bryan says he is not going to worry about the negro vote. He will have enough worry over the Democratic vote.

NAME A STATE TICKET.

Massachusetts Democrats Hold Their Convention in Boston.

Boston, Oct. 2.—With scarcely a jar in its proceedings, the Democratic state convention nominated a state ticket for the November election, chose sixteen presidential electors and adopted a set of resolutions, the main plank of which advocate tariff, labor and state administration reforms. The state ticket chosen was as follows:

Governor, James H. Vahey, Watertown; lieutenant governor, Charles J. Barton, Melrose; secretary of state, James F. Ayward, Cambridge; treasurer and receiver general, Erwin H. Kennedy, Pittsfield; auditor, Simeon V. Shaw, Lawrence; attorney general, John A. Thayer, Worcester.

The presidential electors at large chosen were Richard Olney, Boston, and James E. Cotter, Hyde Park.

Senator Vahey had as an opponent the well known labor leader E. Gerry Brown of Brockton, who polled a large vote as a candidate for lieutenant governor in 1905 and 1906. The sentiment of the convention, however, as shown by an informal rising vote was so strongly for Senator Vahey that Mr. Brown, who was a delegate, asked that the nomination of his opponent be made unanimous.

Montana has a new town named Taft. It will be very much on the map after Nov. 3.

THE whole doctrine of Devoe Lead and Zinc Paint turns on these three points:

1. It is all paint and true paint.
2. It is strongest, and goes farthest paint.
3. It is full measure.

Because these three things are true, Devoe Lead and Zinc Paint takes least gallons for the job; looks best all the time; lasts longer.

There is no such argument for any other paint; there is no other such paint; the man who uses Devoe gets the best he can get, in paint.

REPUBLICAN CLUB ORGANIZATION

A meeting has been called for next Tuesday evening at 7:30 o'clock at the roller skating rink in the Baue block on Seventh street for the purpose of forming a Taft-Jacobson republican club and already a number of parties interested in the success of the republican party at the coming election are circulating membership rolls for signers. It is the intention, as THE DISPATCH is informed, to get as many signers as possible before the Tuesday night meeting and at that meeting all those who have not had a chance to sign the roll and desire to do so will be given an opportunity, after which the organization will be formed and perfected by the election of officers. More effective work can be done by club organization than any other way and it will be the aim to enlist every republican in the city in this work. The campaign slogan of the club when organized will be the promulgation of republican principles and an effort all along the line to elect the republican ticket. Many of the younger republicans, first voters, are evincing an evident interest in the present campaign and it is particularly important that they attend this meeting and identify themselves and take a hand in the organization for it is up to them to put the push and vim into the campaign. Every republican in the city is invited to attend this meeting regardless of whether they have enrolled their names on the books now being circulated or not as it will be impossible for everyone to be interviewed by that time, but as many as can sign before that time are requested to do so in order to lessen the work in that line on Tuesday evening next.

Let every republican put his shoulder to the wheel and make it a rouser and then turn out to the meeting on Thursday evening, Oct 8th and show the next governor of Minnesota on the occasion of his visit here that the party is alive to its best interests in this city and county.

LAST RESORT OF DESPERATION

St. Cloud Journal-Press:—Forty eight years ago the Democratic papers were making a campaign of personal abuse against Abraham Lincoln. They said he looked like a baboon, that he was ungainly, ugly, vulgar, illiterate, a muddle, a rail splitter, a clown. That

was their stock in trade against him in those antebellum days.

A few of the Democratic papers in Minnesota are imitating this sort of disgraceful warfare against J. F. Jacobson. Abraham Lincoln was elected and was the great American president, whose memory is revered today in all civilized countries.

Jacobson is the Lincoln of Minnesota—honest, fearless for the right, a plain man of the plain people, who believes in a government "of the people, for the people and by the people."

Personal abuse of such a man will bring to his support right thinking people who are disgusted with this old southern slave holders' style of vicious vituperation. It would seem that in A. D. 1908 the newspapers could be decent enough to treat all candidates fairly, discuss their records, without resorting to personal abuse and misrepresentation. A man who has done as much for the state of Minnesota as has J. F. Jacobson should be exempt from this sort of thing.

But perhaps the Democrats in their desperation, can find no other way of making a campaign against him. What do Republicans think of these Democratic tactics—and what do the Democratic voters think of them?

When a man or paper commences to abuse a candidate for a high office, it shows that such paper or such man is short of real reasons why such candidate is not entitled to the support of the people.

Ice and Mice.

For horses suffering from inflammation of the lungs an old prescription was a mixture of shot and powder in milk. This has even been applied to human beings. In "Idlehurst" mention is made of sparrow shot, five or six to the dose, to be taken twice a day, as a remedy for "brown kitters," which is believed by the English farm laborers to be caused by the "lights" (their term for lungs) rising up the windpipe. The shot is supposed to weight them down in their rightful place. Sussex, England, is the scene of "Idlehurst." It was a Sussex woman who was ordered by the doctor to put some ice in a bag and bind it on the temples of her sick boy. Inquiring after his patient the next day, the physician received the reply, "Oh, Tommy's better, but the mice are dead!"

TO HAVE SWELL RESTAURANT

George West Has Leased Keene & Nevers Building for Five Years for One

WILL OCCUPY BOTH FLOORS

Brainerd Tribune to Move to Walverman Block and John Mann to Walker Block

George West has rented the Keene & McFadden block, now occupied by Mann Bros. and the Brainerd Tribune, for five years, and will put in a swell restaurant. The second floor will be fitted up into fine rooms, steam heated and electric lighted. There will be a bath room put in with lavatory and tub and cabinet baths and everything will be fixed up in the best possible shape. There will be ten rooms besides the bath and hall.

The first floor will be repainted and repapered and fitted up for the restaurant proper. There is a fine wide open stairway in the building which has not been used for many years. This will be reopened, giving access direct from the restaurant to the rooms above.

George is an old restaurant man, well known to the citizens of Brainerd and the traveling public. He says he is going to put in the swellest restaurant Brainerd has ever seen, "if it don't last three weeks." Those who know his abilities in that line, however, have no fears for the outcome.

John Mann, who now occupies the first floor expects to remove to his old quarters in the Walker block, while the Duluth Salvage Co., now in that store will move into the Wood building as soon as By and Peterson can get into the Cullen building.

Editor Halsted, of the Brainerd Tribune, has secured commodious and convenient quarters in the Walverman block, on Front street, and will occupy them in a few weeks.

Mr. West expects to have his restaurant in operation in about six weeks.

A NEW MANAGER

Chas. Rettinger, Formerly of Waldorf, at Fargo, to be Manager of the Ransford

Thos. H. Beare has secured the services of Charles Rettinger, formerly manager of the Waldorf hotel at Fargo, as manager of the Ransford hotel. Mr. Rettinger, who is now with the Marjham, at Bemidji, is a hotel man with a wide acquaintance and popular with the traveling public and will make Mr. Beare a very valuable man. Mr. Charles Murphy, who has been day clerk for the last few weeks, will assume the duties of night clerk upon the arrival of Mr. Rettinger early next week.

AFTER LARGE CONCERNS

All Big Papers and Public Service Corporations May Have Their Valuations Raised

Former Mayor Con O'Brien returned last night from St. Paul, where he has been as a member of the state board of equalization. The board adjourned last night until Tuesday next. Mr. O'Brien states that notices have been served on the owners of the big daily papers and the electric, gas and street railway corporations in the twin cities and Duluth to appear upon that date. Mr. O'Brien states that one twin city daily which recently sold for a million and a half dollars, was assessed at \$35,000, and this looks to the board to be out of proportion.

Who is She?

A pretty incident in the Taft meeting the other night occurred when a motherly little woman from Brainerd stepped forward to greet the candidate as he was leaving the platform. He looked so tired and worn that her heart was touched, and she patted his hand sympathetically.

"You are a big man," she said to him cheerily, "and now I have seen you, I must go to Rome and see the Pope."

"Are you a Catholic?" inquired Taft, appreciating the compliment.

"No, but my husband is," she replied quickly. "He is a Democrat, too, but I'll make him vote for you all right." And the chances are that he will—Minneapolis Journal.

A darkening race.

Where are the fair haired people we used to admire? Look where we will brown hair or dark hair predominates. There are some who tell us that the time is coming when the genuine golden haired beauty will be as rare as the "cooper" butterfly and that to have a head like a wheat sheaf will be to proclaim aloud that the collier's artful aid has been invoked.—London Lady.

TO ENTER MINISTRY

Nephew of J. M. Glunt Resigns Superintendency of Carnegie Steel Works to Become Evangelist

There has been mention made in the daily papers of Geo. L. Glunt, of Pittsburgh, who resigned a princely salary at Homestead, Pa., to enter the Presbyterian ministry. The gentleman is a nephew of J. M. Glunt, yardmaster of the Northern Pacific yards in this city. The Pittsburgh Dispatch of a recent date says of him:

"What he calls the crying need for spreading the gospel has caused George L. Glunt, one of the best known steel men of the Pittsburgh district, and intimate friend of W. E. Corey, to give up his position as head of one of the largest steel plants in this vicinity, with its attendant princely salary, to enter the ranks of the evangelistic ministry. Mr. Glunt lives at 351 Lehigh avenue, East End.

"Mr. Glunt by perseverance and unflagging industry worked his way from the position of 'puller-up' to the superintendency of the big 119-inch mill of the Homestead steel works. Though not yet 40 years old, he has been connected with the steel business for the past 23 years, and is a friend and confidant of President Corey, and other captains of the steel industry.

"Two years ago he felt the call to ministry, and resigned the lucrative position which he was holding to take a minor part in the central offices in the Carnegie building in order that he might have more opportunity to pursue theological studies. With the same indomitable will which had won him a position of importance in the secular world, he managed by utilizing every spare moment, such as studying on the street cars on his way to and from his office, to prepare for his examination at the seminary, so that when he took the entrance examinations to the Western Theological seminary this week it was found that he would be able to eliminate practically the entire college course.

"Mr. Glunt, meanwhile, had been doing much practical work in religious lines while carrying on his studies. He has been holding street meetings in Homestead.

"He says he feels that the thoughts of the men of the great industries of this locality should be turned to other things than the accumulation of dollars. He intends to devote all of his time to evangelistic work, principally among the men of the steel mills."

Foley's Orino Laxative is a new remedy, an improvement on the laxatives of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. H. P. Dunn.

WORK PROGRESSING

Good Progress Has Been Made This Season Both on Pine River Dikes and Sandy Lake Dam

The work on the government dikes near Cross Lake dam on Pine river will be shut down for the season in the near future. While the work has progressed very favorably this year there is still much to be done. There are two more dikes to be built and four more to be repaired.

At the Sandy Lake dam, in Aitkin county, about one half of the concrete work has been completed, or will be by the time cold weather closes the work for the season. This is all that can be done in one season. It is expected that the dam will be completed next season.

In Memoriam.

George W. Healey, Commander of Pap Thomas Post, G. A. R., has heard the bugle call from the heights beyond, has called the Post to order for the last time, and was laid to rest by his comrades under the towering pines of Evergreen cemetery, among many comrades who had answered the last roll call, and with whom he loved to sit around the camp fire and whose graves he loved to strew with beautiful flowers on each recurring Memorial day. We, his surviving comrades, are sad at the parting from our Commander who was so wise in the councils of the Grand Army and so upright in the discharge of his duties. In character he was like the rugged pines beneath which his comrades laid him to rest.

Resolved, that we, as a Post, extend to his bereaved mother and sister our heartfelt sympathy, and that our character be draped in mourning for thirty days.

SIX MEN KILLED.

Eight Others Injured in a Railroad Wreck.

Portland, Ore., Oct. 2.—A logging train belonging to the Chapman Logging company at Scappoose, twenty miles north of Portland, was in collision with a Northern Pacific train. None of the occupants of the passenger train was hurt. Six of the crew of the logging train were killed and eight injured. Of the injured one is fatally hurt five seriously and two slightly. The injured were hurried to this city and taken to a hospital.

F. A. FARRAR IS RECEIVER

Banker Has Accepted Position of Receiver of the Northwestern Fuel Company

F. A. Farrar who was appointed receiver of the Northwestern Fuel Co., formerly the H. H. Hitch Co., has accepted the position and his bond was being prepared this afternoon.

Mr. Hitch, who asked for a receiver, has opened up another fuel business alone, having secured bins and office at 315 South Seventh street and got in a supply of coal, etc.

The Northwestern Fuel Company is conducting their business at the office in the Hoffman building, on Laurel street, C. H. Paine being in charge. The receiver is expected to take charge of the business today or tomorrow.

Lobby Closed Sundays

Beginning Sunday, October 4, the lobby of the postoffice will be closed between the hours of 1 and 7 o'clock p. m., and will be closed every Sunday in the future between those hours, to conform with a ruling of the department which says that the lobby of all offices where the fixtures do not connect with the ceiling and thereby make a separate room of the office proper shall be locked during the hours that the building is left alone. The Sunday service is from 9 until 10 a. m. during which time the general delivery and carriers windows are open and the lobby will be open from 7 a. m. on Sundays in the future until 1 p. m., which will give box renters ample time to secure their mail. In the evening the lobby will also be open from 7 until 8.

MUSIC AND DRAMA

Coming Attractions

Oct. 2—"The Two Thieves."

Oct. 9—"The Substitute"

The Substitute

Mr. Figman comes to the opera house on Oct. 9, in the splendid comedy drama "The Substitute" by Evelyn Greenleaf Sutherland and Beulah M. Dix. There should be no question of the result. Last season Mr. Figman was a comparative stranger but he more than "made good" and it is doubtful if the theatre will be large enough to hold the people who want to see him this season. Mr. Figman will be supported by a company of superior quality and will bring a complete organization. The prices will be 25 cents to \$1.50, and the curtain will be rung up on this production at 8 o'clock sharp, a fact which all theatre goers should bear in mind.

"At The Unique"

"The Power of Labor," the hadliner at the Unique last night drew a packed house. This a strongly dramatic piece bearing on the labor question. "The Mesmerist" is also a dramatic piece and is by Pathe Freres, and is one of his masterpieces. "The Grotesques" is a splendid hand colored piece which is highly artistic.

Erminie Tonight

The National Opera Company, which appears at the opera house tonight in Erminie, has a record of four weeks in Minneapolis, and stands equally long in other cities. It is one of the most carefully selected comic opera companies in the country today and will give a high class rendition of this standard opera.

When Trifles become Troubles

A MONARCH Range

Actually Pays for itself in COLD CASH

BY reducing fuel bills 25 to 50 per cent.

BY saving one quarter of the time usually spent in the kitchen.

BY eternally doing away with nearly ALL of the disagreeable labor necessary to keep the ordinary range half way presentable.

Understand us!

Time, fuel and labor represent real money and the Monarch Range will positively save enough of all three to pay back its own cost in a short time.

¶ We don't make this statement thoughtlessly, but with a desire to demonstrate it to every intending range buyer.

¶ Our years of experience as range dealers convinces us that the construction of the Monarch fully justifies this claim.

How the Monarch Malleable Range Saves

TIME

Much time is wasted with a common range waiting for hot fire in the morning or a baking heat during the day. The Monarch works PROMPTLY. A piping hot fire in five minutes after opening drafts is the regular thing.

LABOR

The hardest and most disagreeable tasks about the kitchen are blacking the range top and cleaning the crusted black bottoms of cooking utensils. All this is done away with by the Monarch polished top that don't require stove blacking.

FUEL

Ranges of common type WASTE fuel because outside air is drawn in through its open seams and joints. The Monarch utilizes ALL the heat in the coal or wood. It is built AIR-TIGHT by riveting its steel plates to Malleable iron frames—no stove bolts or putty used.

Mr. Feys has a fractured skull and a broken arm. Mrs. Demer's neck was broken.

To Digest the Food

Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.

The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.

Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.

Mr. F. W. BIGLEY, Murrayville, W. Va., writes:—"For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. Chase's Kidney and Liver Pills did more for me than all the medicines I ever used. My mother used them with equally good results."

CHANLER SCORES CONNERS

Creates a Decided Stir by His Acceptance Speech.

Poughkeepsie, N. Y., Oct. 2.—In accepting at "Rokeby," the ancestral Chanler estate, twenty miles from here, the nomination of the Democratic party for governor, Lewis Stuyvesant Chanler, the present lieutenant governor of the state, caused a decided stir among his hearers by prefacing his acceptance speech with a statement to the effect that State Chairman William J. Conners "betrayed a confidence" if he attempted in an interview given out Wednesday to dictate what the policy of the Democratic party in the coming campaign in New York should be. Chanler emphasized further along in his prepared speech the statement that "free from all hampering obligations of every kind, I shall know no master but the people's will and the people's interest."

Chairman Conners sat just behind Mr. Chanler during the speech. With Charles F. Murphy, leader of the Tammany Hall, and other representatives of the New York city and Brooklyn Democratic organizations, he arrived just before the exercises of notifying all the nominees of the Rochester convention began. With the others, he left immediately after their conclusion. There was no consultation of these leaders by Mr. Chanler.

National Chairman Norman E. Mack was also a guest at "Rokeby." Former Judge Alton B. Parker, permanent chairman of the Rochester convention, delivered the notification speech.

IN STANDARD OIL CASE.

Only One Witness on the Stand at Chicago.

Chicago, Oct. 2.—Henry E. Felton, president of the Union Tank Line company and formerly general freight agent for the Chicago and Eastern Illinois Railroad company, occupied the witness stand all day when the government suit to dissolve the Standard Oil company was resumed.

Prior to the enactment of the interstate commerce law in 1887, Mr. Felton said that the railroads made few tariffs. They underbid each other ruthlessly by means of rebates to secure large shipments, or to retain as customers important shippers already on their lists. From time to time "gentlemen's agreements" were entered into to maintain rates, but there was always some road which, tempted by a heavy shipment, would violate it and presently all the roads would be rebating again.

The Pacific States For Taft and Sherman.

The report that California and the Pacific coast generally is strongly for Taft and Sherman and the policies of the Republican party shows that the Pacific coast understands its own interests. The Republican party has from the first adopted and maintained a course tending to develop the incalculable agricultural wealth of those states and to give them opportunity to establish an American market for their products. The result has been that the fruit and other products of the Pacific states have won a victory over the imported, which once had a monopoly of American demand, and our people have learned to esteem the California article as superior to the foreign. The supply, thus stimulated, has outgrown home requirements and finds consumers in nearly all parts of the world. This, indeed, has been the effect of the Republican policy of protection not only upon the industries of the Pacific coast, but American industry generally.

The Pacific states have grown in population and wealth, and desirable immigration is pouring in to take advantage of the prospects they offer of that independence which in those favored regions is the usual reward of thrift. The Republican policies which have so well served the interests of the Pacific coast, which banded the continent with belts of steel and brought New York and San Francisco as near as New York and Boston were to each other a century ago, which provided a market and then placed that market within easy reach of fruit ranch, vineyard and farm, are just as important to the welfare of the Pacific states now as in the past. The intelligent and progressive citizenship of that section as of other parts of the Union has no intention of risking the loss of all that has been achieved by accepting Bryan and his schemes of financial confusion and business demoralization, and the electoral votes of the Pacific states will be counted for Taft and Sherman, candidates of the party which stands for progress and prosperity, for safe and sane methods of government and for that impartial enforcement of law which is the anchor and safeguard of our civilization.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

SIX KILLED IN TRAIN WRECK

Number of Other Persons Injured Near Toledo, O.

VICTIMS ARE EXCURSIONISTS

Freight Train Crashes Into a Passenger Train at Sugar Ridge, Telescoping the Rear Car of the Latter—Only Four Bodies Have Been Recovered From the Wreck by the Crew Engaged in the Work of Rescue.

Cleveland, O., Oct. 2.—Six lives were lost and a number of persons were injured when a Toledo and Ohio Central passenger train carrying an excursion crowd from Bowling Green fair into Toledo was run into from the rear at Sugar Ridge by a freight train. The dead are:

Richard Radecut, Sugar Ridge; Joe Gasler, Sugar Ridge; J. F. McCroy, Toledo; J. G. Boyd, East Toledo; Stonebridge, Bunbridge, and one unidentified man.

Only four bodies have been recovered from the wreck. The rear car of the excursion train was telescoped and two others were jammed together.

The excursion train stopped. It is said, because of a hot box. Whether a flagman was sent back to warn the approaching freight has not been ascertained. A wrecking train and crew from Toledo is at work rescuing the bodies.

FATAL POWDER EXPLOSION

Two Men Killed and a Score of Others Injured.

Spencer, N. C., Oct. 2.—Two lives were lost and twenty or more persons were injured in Spencer by the explosion of a powder storage house in the yards of the Southern Railway company, and most of the buildings near by were damaged by the shock and the fire which followed. The dead are: C. H. Layton of Raleigh, and George Gould of Spencer.

It is feared that other bodies are in the ruins. It is said that the powder magazine contained a half carload of powder, dynamite and other explosives.

Every building in Spencer and for many miles around was badly shaken up and damaged.

THREE FIREMEN MISSING.

Several Others Injured at a Fire in Youngstown, O.

Youngstown, O., Oct. 2.—Six firemen are in the hospital and three more are in the ruins of S. H. Knox & Co.'s store, where fire gutted the structure, with a property loss of \$25,000.

The building, three stories high was wrecked. The firemen still in the ruins are Fire Chief Thomas Reilly, Captain Vaughn and Fireman Sweeney. A strong force of men is digging among the debris.

Chief of Police William Lawler was fatally injured and John Vaughn, Joseph Conner, Charles Young, Harry Callahan and David McGraw were seriously injured.

STATEMENT BY FORAKER.

Urges the Law Be Invoked Against Him if He Has Violated It.

Cincinnati, Oct. 2.—That the law be invoked against him if he has done any wrong is the conclusion of a statement issued by United States Senator Foraker. Before making this suggestion he sums up the various charges that have been made and discusses briefly the legal ethics as to service for various clients.

The statement admits that Mr. Foraker was once employed as attorney for the Standard Oil company and that his employment was confined to the affairs of the company in Ohio, including its reorganization after the decision of the supreme court dissolving the trust, and that it was ended long before the company had become in any way the object of legislation by congress or the subject of attacks of any kind in the courts or otherwise by congress, or any proceeding by the United States government against the company was proposed or foreseen, and that such employment has never been renewed although as heretofore shown, again tendered and declined in 1906.

The statement concludes as follows: "Finally, if I committed any offense against the law, let somebody specifically point it out and proceed against me. The courts are open and although they have been severely criticized, yet the people have confidence in them and will accept and be satisfied with their judgments. If there be any just basis for this reckless, wholesale defamation and attempted assassination of character, let it take some tangible, open and fair form of procedure, where all interested can appear and be fully heard."

Natives Attack Portuguese.

Lisbon, Oct. 2.—The natives of Angola, a Portuguese possession in Western Africa, revolted recently and attacked the fort at Don Luliz. After a sharp fight they were repulsed by the garrison but two Portuguese were killed and several were wounded.

BANKERS OPPOSE BOTH PROPOSITIONS

Postal Savings Banks and Guarantee of Deposits.

Denver, Oct. 2.—The thirty-fourth annual convention of the American Bankers' association came to an end with the election of George M. Reynolds as president, and Lewis E. Pierson of New York as first vice president. Thirty-eight new members were announced and a vice president representing each of the states having representatives in the association was named.

The convention also placed itself squarely on record as against both the proposition to guarantee bank deposits and to establish postal savings banks.

Nearly two hours were consumed with the reports of vice presidents from the several states, the consensus of which was that the effects of the recent panic are rapidly passing away throughout the country.

If there was a political pure food law the enumeration of the mixed ingredients in the Bryan mixture would make the label bigger than the bottle.
